ATHENS DRIVE ACADEMIES

Athens Drive High School is proud to offer several programs as Curriculum Enhancements to our already strong Academic Programs. Students who are interested in these programs should contact the Coordinator for each program. Their information is listed below. Athens Drive has a STEM Academy, and students have the opportunity to study in either the Energy and Sustainability Academy or the Health Science Academy. **Please go to the Athens Drive web site, and click on "Academics "for more information.**

STEM Academy Courses for 9th Graders

- Earth Science (35015X0) or STEM Biology (33205X0W)
- STEM English I (10215X0W)
- STEM World History (43035X0W)
- Math based on level of Math
- Foundational Course: STEM DRAFTING I, ADOBE VISUAL DESIGN, PYTHON PROGRAMMING 1, YEARBOOK 1

** Students may also take AP Environmental Science after Chemistry. AP Environmental Science is recommended if students do not take Earth Science.*

The STEM Academy of Energy and Sustainability

Our STEM (Science, Technology, Engineering and Math) Academy of Energy and Sustainability is a program designed for students who have a desire to study concepts of applied engineering, math and science with integration of technology. The STEM Program focuses on a rigorous course of study, applied technology and critical/independent thinking to focus Energy and Sustainability. STEM students take a series of courses throughout high school that will focus on a hands-on, investigative approach across all disciplines. Students will have the opportunities to explore careers in the STEM field and work with our partners in business and academics to extend the classroom experience beyond the walls of the classroom.

STEM Coordinator: Shane Barry, sbarry@wcpss.net

The Health Science Career Academy

The Health Science Career Academy is a program that is part of both our Career Technical Education Program and STEM. Students in the Health Science Career Academy will have the opportunity to explore relevant courses in the Health Sciences field. Students receive practical, hands-on instruction from introduction to healthcare (Health Team Relations) to specific college-level courses at Wake Tech or on-line. The Health Science Career Academy is a great place for students who may be interested in future careers in healthcare including doctors, nurses, pharmacy technicians, EMT Specialists, or any other healthcare related field. Students in the Health Science Career Academy will also have the opportunity to work with professionals through a required internship. Students must register for one of the following courses: Public Safety I, Foundations of Health Science, or Agriscience Applications during the freshman year. Health Science Students will be cohorted in their English Course. Health Science Academy rising 9th graders should register for the following:

10215X0C English I (H)

Career Academy Director: Jennifer Hulsey, jhulsey@wcpss.net
