

ATTENTION STUDENTS!!!

Are you interested in, or curious about, construction careers after high school?

Builders Bridge, a local nonprofit organization, is offering **paid, summer internships in the home building skilled trades** for hard-working students like you.

The Builders Bridge Summer Internship is an 8-week, paid, summer internship for young men and women 16 and older.

- + Monday June 21-Friday August 13 (You may miss up to 8 business days of the internship for family vacation, trips, etc.)
- + On-the-job training in your field of choice
- + Interns are placed with trades such as (but not limited to): electrical, plumbing, landscaping, carpentry (framing, cabinetry, trim), installation, exterior siding, fulfillment, etc.
- + Paid \$10-15/ hour

As a Builders Bridge intern you will be partnered with experienced construction professionals and gain invaluable knowledge and experience in the industry.

For more information about the opportunity check out the Builders Bridge website:

www.buildersbridge.com/internship-program

To apply:

1. Complete the [Builders Bridge Internship Application](#)
